Loving Heart Multi-Service Centre (Jurong)

Annual Report

Jun 2016 - May 2017

Our Mission

To serve the residents and needy students to the best of our abilities, through programmes and activities, with professionalism in promoting social and multi-racial community bonding.

Our Logo

The two vibrant orange strokes embracing a heart protectively depicts the role of Loving Heart in providing school-based and community-based services for the needy students and elderlies in the community.

The soft-edged heart within the strokes symbolizes the vulnerability and fragility of the disadvantaged and the needy. The three little hearts represent the heartfelt feelings and joy of the community.

Bright orange and red colors emulates sunshine, light and warmth.

"Not all of us can do great things, but we can do small things with great love."
- Mother Teresa

About Us

Loving Heart Multi-Service Centre (Jurong) was officially opened on 4th December 2004 by Mr Lim Boon Heng, Former Minister, Prime Minister's Office (2001-2011), former MP for Jurong GRC.

Set up as a one stop social service centre, our programmes and services have since grown and expanded to reach a wider community in Jurong. As a result, Loving Heart Multi-Service Centre (Jurong Central) was renamed Loving Heart Multi-Service Centre (Jurong) in 2012 to reflect the expansion of our service boundary.

Located at Block 316 Jurong East Street 32, #01-279, Loving Heart Multi-Service Centre (Jurong) (LHMSCJ) undertakes various school-based and social projects within Jurong GRC. We also collaborate with relevant organisations to better serve the community.

Our ongoing services and programmes includes:

- Pupil Breakfast Scheme
- Sports, Tuition and Mentoring Programme (S.T.A.M.P)
- S.T.R.I.V.E – 3 year S.T.A.M.P.
- Free Traditional Chinese Medicine (TCM) Clinic
- Free Tuition Programme
- Adopt-A-Home
- Case Management and Food Gifts

Opened on 1 September 2006, Loving Heart Youth Centre currently hosts activities namely, the Free TCM Clinic, Free Tuition Programme and Chair Based Exercise. The Youth Centre was later renamed as Activity Centre.

Both centres are presently managed by a staff strength of 9. LHMSCJ continues to facilitate residents' bonding in the neighbourhood and aim to focus on providing our services as well as maintain the one-stop service centre to serve Jurong GRC, Bukit Batok SMC and Yuhua SMC.

LHMSCJ Management Committee consists of 14 members and the present term of office is from 1 June 2015 to 31 May 2017.

Chairman's Message

This year is a challenging year for Loving Heart. Due to slow economic situations, donations may not have reached targets. As opposed to the uncertain economy and social environments, there has also been increasing demands for our services.

Broadening our service boundary has allowed us to serve schools in the Clementi division. In 2017, we are honored to have 21 schools joining us in Pupil Breakfast Scheme, S.T.A.M.P. and S.T.R.I.V.E. Our annual community health project, Project Big Heart in collaboration with Jurong Central and Fullerton Health was also extended to serve residents in all divisions within Jurong GRC, Bukit Batok SMC and Yuhua SMC. This year, we also expanded our Free Tuition Programme to benefit more children with 2 additional sessions. In addition, we also introduced a new community program, Chair Based Exercise in 2017 and response has been very encouraging for us so far.

I wish to express my deepest appreciation and gratitude to our Founding Adviser, Mr Lim Boon Heng, our Special Adviser, DPM Mr Tharman Shanmugaratnam, Coordinating Minister for Economic and Social Policies, and MP for Jurong GRC, and our Advisers, Mr Desmond Lee, Minister, Prime Minister's Office & Second Minister for Home Affairs and National Development, and MP for Jurong GRC, and Mr Ang Wei Neng, MP for Jurong GRC, for their visionary guidance, support and their presence in Loving Heart events.

Loving Heart is grateful to its partner, Thye Hua Kwan Moral Society and the following corporate sponsors; ACI Singapore – The Financial Markets Association, Bo Tien Welfare Services Society, Cheng Hong Welfare Service Society, Fullerton Health, Makino Asia Pte Ltd, NTUC Fairprice Foundation Limited, Shimano (Singapore) Pte Ltd, South West Community Development Council as well as Tote Board and Singapore Pools for their continuing valuable support.

This report encapsulates our key school-based and community-based programmes.

This year will also see the nomination of a new Management Committee for the next 2 years. We would like to express our heartfelt gratitude to our Advisory Councillors, Trustees and the Management Committee who have served faithfully for the past years. You have helped to nurture and grow Loving Heart to what it is today.

Every new year must be a better year. Donors, Grassroots leaders and leaders of Loving Heart, let us work together to meet the challenges of the coming year and serve even better the needs of the students and residents. Together, we can achieve this.

★ S.T.A.M.P. & S.T.R.I.V.E.

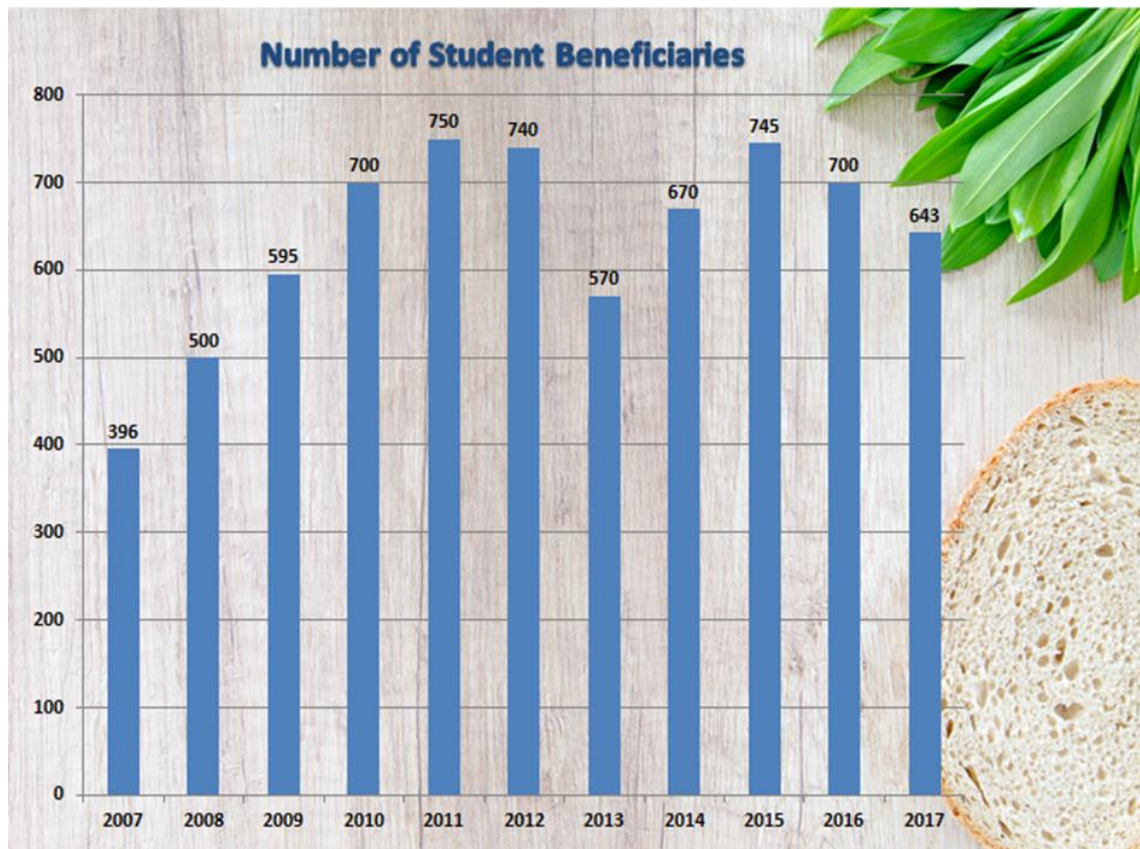

Pupil Breakfast Scheme

Pupil Breakfast Scheme (PBS) was implemented in 2006 to ensure school-going children receive adequate nutrition to meet with their growing needs. Beneficiaries are given \$1 for primary schools and \$1.50 for secondary schools and special needs schools to purchase food in their school canteen for 200 school days.

Serving Jurong GRC, Bukit Batok SMC and Yuhua SMC, Pupil Breakfast Scheme complements the assistance provided by Ministry of Education Financial Assistance Scheme (MOE-FAS) and the Straits Times Pocket Money Fund to provide additional help for parents to cover the expenses for their children's school meals.

For the Year 2017, Loving Heart is serving 9 primary schools, 9 secondary schools and 1 special needs school. A total of \$167,600.00 will be disbursed to 643 beneficiaries throughout the year.

NTUC Fairprice Foundation Limited has donated \$75,000.00 in support for PBS. This initiative is also supported by South West Community Development Council (SWCDC) - Koh Kock Leong Enterprise Pte Ltd (KKL) with a 1:1 matching grant.

S.T.A.M.P. & S.T.R.I.V.E.

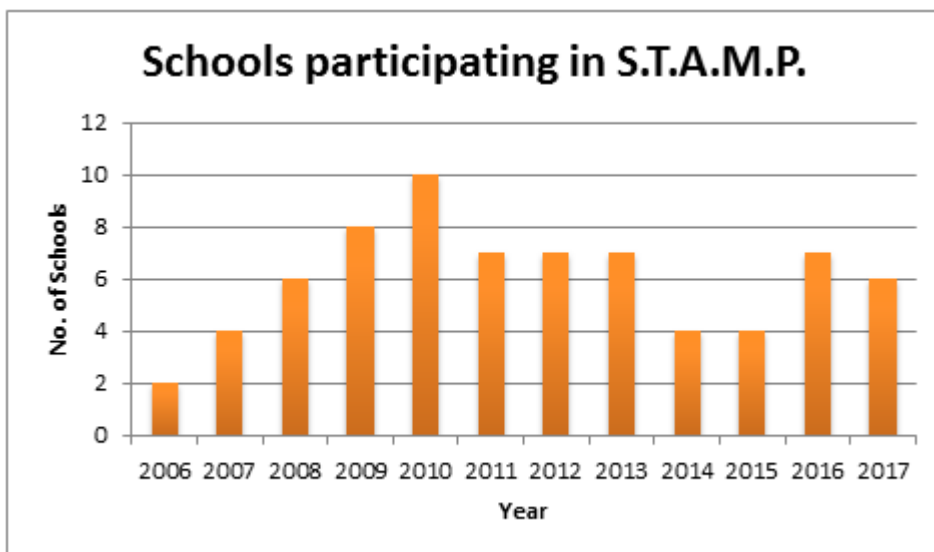

S.T.A.M.P was launched on 2006 to reach out to youths at risk that were identified by teachers in the school. Targeting 20 to 40 students in every school, it aims to deliver a comprehensive programme to aid students' holistic development physically, academically and emotionally.

As of June 2017, we have 6 participating schools in S.T.A.M.P. namely: Lakeside Primary, Shuqun Primary, Hong Kah Secondary, Hua Yi Secondary, Jurongville Secondary and Yuhua Secondary.

S.T.R.I.V.E is a 3 year enhancement for S.T.A.M.P. The extended period of the programme aims to promote a more sustainable support and growth to students in the programme. Through a longer period of the programme, the school and LHMSCJ are able to better monitor the progress of the students and the effectiveness of the programme as a whole. As of 2017, Shuqun Secondary school is part of our S.T.R.I.V.E Programme.

Sports

According to the students and school's preference, we engage vendors with expertise in the field of sports selected to conduct lessons for the students.

The various sports that we are offering under the Sports programmes are cup stacking, cycling, hip-hop dancing, in-line skating, photography, soccer and Taiko drumming.

By factoring in the sports component, it encourages students that their health and fitness are also equally as important as their academic grades and that, it is essential to keep a healthy life by having an active lifestyle.

Tuition

Loving Heart engages professional tutors that have been in the field for years to give students supplementary Mathematics tuition. With the extra hours of practice monitored by the tutor, students have seen a significant increase in their results.

1. Lakeside Primary School students practicing cup stacking.
2. Jurongville Secondary students learning hip-hop dance lead by a well trained professional dance instructor.
3. Students warming up.
4. Hong Kah Secondary students during their Taiko Drumming lesson.
5. Lakeside Primary School students engaging help from our experienced tutor.
6. Jurongville Secondary School students listening attentively to their tutor.

S.T.A.M.P. & S.T.R.I.V.E.

Mentoring

Run by our kind-hearted volunteer mentors, the mentoring component aims to impart positive morals and values through various activities. These volunteers go through a mandatory curriculum conducted by Boys' Town professionals that teaches about leading and mentoring youth so that they are well equipped with the essential knowledge regarding mentoring. With the newly learnt knowledge, these volunteers are then allocated in groups to hold group mentoring sessions in the schools.

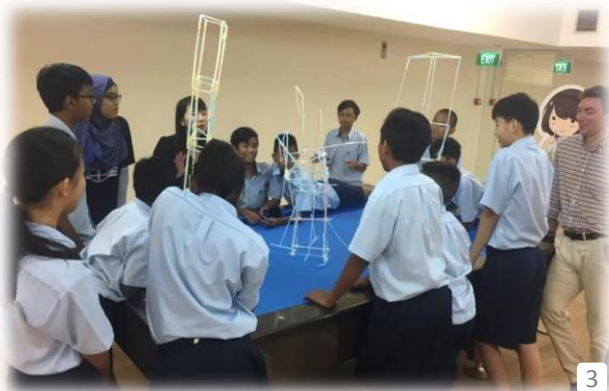

1. Lakeside Primary School students designing Thank You cards for their mothers with a mentor's help. The intention behind the activity is to remind them to appreciate the little things in life.

2. A volunteer mentor teaching a student in Shuqun Secondary School how to play the guitar.

There are a total of 20 sets of values in the curriculum designed by Boys' Town. The volunteers would convey the intentions behind the values and deliver them to the students through various ways. Such examples of it would be having a group discussion session, watching a video, doing a skit and ice breaking games. The creative and interesting ways that the mentors have implemented in the sessions have benefitted the students as they get to learn and realize the moral behind the values in a fun way.

3. Hong Kah Secondary School students building towers with straws. This activity aims to deliver the importance of teamwork in compromising and accepting everyone's opinion.

4. Students having fun with the mentoring activity that their mentors planned.

S.T.A.M.P and S.T.R.I.V.E Achievement Award

The S.T.A.M.P and S.T.R.I.V.E Achievement Award was implemented in 2012. This award serves to reward students who have been consistent in their attendance and progress in school. The teacher in charge of the school are allowed to nominate up to 3 students through the nomination form provided, together with a testimonial about the student's improvements and significant achievements in school. Winners would walk away with Popular vouchers which are presented during our Annual Appreciation Dinner at the end of the year.

Photography Award

Our photography competition is open to all schools which are taking photography for their Sports Programme under S.T.A.M.P & S.T.R.I.V.E Programmes. In this competition, students showcase their best shots that they have taken throughout their lessons. This gives them the chance to practice what they have learnt in school.

The winning and merit entries from each school are selected based on technical and creative aspects of the photographs. The winning student photographers would receive a Certificate of Achievement and cash prizes for their outstanding shots. The following are the winners of the photography competition for Year 2016.

Free TCM Clinic

A collaboration between LHMSCJ and Cheng Hong Welfare Service Society saw the launch of our Free Traditional Chinese Medicine (TCM) Clinic on 4th January 2010. Aiming to serve needy residents in the region, the clinic provides free consultation, acupuncture and medication for all of its patients.

1

2

The clinic is operated by two TCM practitioners, Dr. Ngoh and Dr. Wong, along with a pharmacist, Mr Lee. They are also being supported by a group of committed volunteers. The clinic sees approximately 60 patients each week.

3

The clinic operates every Monday and Thursday, from 1pm to 4pm.

Patient registration starts at 12.30pm and closes at 3.30pm.

Donations received from the Free TCM clinic are fully channelled to Cheng Hong Welfare Service Society.

2. TCM practitioner, Dr. Ngoh treating a patient.
3. Our Manager, Mr Leow with TCM physicians and volunteers at a Chinese New Year gathering.

Free Tuition Programme

LHMSCJ Free Tuition was established in 2005. The programme serves to provide additional academic help to less-privileged children from Primary 1 to Secondary 3 residing in Jurong GRC, Bukit Batok SMC and Yuhua SMC.

To cope with the increasing intake of students, Loving Heart has expanded from 1 session a week to 3 sessions a week on every Friday, 7 – 9pm and every Saturday, 9 – 11am and 11am – 1pm.

Additionally, in an effort to provide a more conducive environment for the students during tuition, one-to-one tuition has been implemented for tutors to provide more individualised attention to the students, allowing them to learn at a comfortable pace of their own and to address their individual learning gaps.

A professional tutor has also been engaged monthly to conduct sharing sessions on teaching strategies. He also serves as a mentor towards the volunteer tutors to ensure they are aware of the MOE syllabus and are able to impart students with exam strategies.

1. Students beneficiaries and volunteer tutors during a tuition session.
2. Professional tutor, Mr Fabian Ng sharing tutoring tips to volunteer tutors.

Free Tuition Rewards

Recognising the need to raise students' motivation to improve their grades, Loving Heart implemented the Free Tuition Rewards scheme in 2016 to recognise students for their hard work and accomplishments made during their school exams.

Our Deputy Manager , Mr Jimmy Sit presented students beneficiaries who scored well with their rewards.

Free Tuition Outings

Loving Heart also collaborates with several external agencies to bring our student beneficiaries on excursions during the school holidays.

Adopt-A-Home

Introduced in 2014, Adopt-A-Home is an initiative by students from Jurongville Secondary School to give back to the community. With the support of Loving Heart, Jurongville Secondary kick-started the programme with a visit to Bukit Batok Home for the Aged. Once a month, the students would visit the Home to brighten up the lives of the elderlies by conducting games, performances as well as art and craft activities.

The programme aims to enable students to take the first step in engaging and interacting with the elderlies. The students, in turn, also benefit as they get to understand the elderlies, learn how to communicate as well as be more patient and forgiving towards them.

In July 2016, students from Jurongville Secondary School visited Bukit Batok Home for the Aged to do paper weaving with the elderlies.

2. Calming bottles made by the elderlies at Bukit Batok Home for the Aged.
3. Jurongville Secondary School student guiding the elderly in paper weaving.
4. Students and teacher from Jurongville Secondary School taking a group photo after visiting the home.

Adopt-A-Home

An outing was organized on 20 October 2016 for the elderlies of Bukit Batok Home for the Aged by Jurongville Secondary School students. The students brought the elderlies to Japanese Garden for a slow walk and also went to feed the turtles and fishes. There were also light refreshments provided after the feeding session.

Student Cadets from National Cadet Corps in Yuhua Secondary School also officially started their first programme with All Saints Home in July 2016. The school carried out hand exercises using a ball at the Home for the elderlies.

1. Turtle and fish feeding session with the elderlies.
2. Jurongville Secondary School students wheeling the elderlies around the garden .
3. Students and staff guiding the elderlies at All Saints Home during the coloring activity.

Chair Based Exercise

The Chair-Based Exercise is a newly introduced programme, conducted by Mdm Tay Sheau Yin. The pilot session commenced on 14 March 2017. It is held on every 2nd Tuesday of the month, from 11 am to 12 pm. The duration of the exercise is approximately 45 minutes.

The aim of this exercise is to promote the concept of exercising while being stationary. Hence, participants will be sitting on chairs while exercising. The exercise is open to people from all age groups, with priority given to the elderly.

The exercises being introduced to participants will aid in the promotion of blood circulation, as well as the prevention of stroke and falls. It will be beneficial for people who are suffering from weak limbs, experience headaches and are prone to falls. In addition, some of the exercises being taught can also be done on the bed. Thus, participants can do them once they wake up, which will help in preventing falls.

1. Participants doing some hand exercises while sitting.

Case Management

In these times of uncertain economy and social environments, several individuals and families face the consequence of getting left behind. Our assistance and services are catered to help residents cope with difficult times caused by circumstances, such as sudden unemployment or illness.

Assistance rendered towards to clients includes food gift assistance, referral to Pupil Breakfast Scheme, referral to our Free Tuition Programme, transport assistance with EZ-Link Card and internal referrals to our other programmes.

Additionally, we also work closely with other Voluntary Welfare Organisations (VWOs) in terms of inter-agency referrals to aid deserving residents in financial assistance, counselling services and employment opportunities. Some of these organisations include the various Social Service Offices in the precinct, South West Community Development Council (SWCDC), Jurong Central and Jurong Spring CCC ComCare Fund Committees, Lakeside Family Centre, TOUCH Community Services and e2i Employment and Employability Institute.

Since Loving Heart's inception, we have an estimated amount of about 600 cases being referred for various assistance. Generally, our clients may be referred through Meet-the-People sessions, our partnering organisations or walk-ins.

Food Gifts

Food Gifts are given out to about 40 deserving families each month and the need for this assistance has been increasing over the years. Duration of assistance is assessed on a case-by-case basis, ranging from one off, 3 to 6 months or a year depending on the family situations.

Loving Heart would like to express our heartfelt appreciation to corporate and welfare organizations, schools and individuals of the community for their continuous support and regular donations of food items. Bo Tien Welfare Services Society is one such of our long-time donor.

Another avid supporter is the staff and students of Hong Kah Secondary School. On 3 February 2017, they had delivered 49 personally gift-wrapped food hampers for deserving families to bring festive cheer during the Lunar New Year period. We are grateful to have received donations from the school for several years on this festive season.

Donations have also poured in from groups such as civic groups Jurong West Avenue 1 7th month group, Makino Asia Pte Ltd 7th Month dinner group, Ji Yun Tan Temple Association, Dong Ling Fu Temple Association and Singapore Petroleum Company.
